WELCOME

Luca Fauvette in Kinder joined us a few weeks ago, welcome to him and his family!

As part of whole school learning support, specific standardised tests and screener tests are administered throughout the year based on Classroom Teacher referral. The information gathered from these assessments is confidential and is used to monitor student progress and to assist in planning. If results indicate that further professional assessment is required, parents will be consulted.

TRUST

On Wednesday in Assembly, Mr. Murphy climbed up a rope that was attached to a beam in the ceiling of the stadium. He is a tree climber. He showed us how a thin piece of rope, if tied correctly and attached in the right way, was a safe way to climb. He put his trust in the rope. We can put our trust in lots of things: when we sit down on a chair, we trust it will hold us; when we turn on the tap, we trust that water will come out; when we are travelling along in our car, we trust that the car coming towards us will stay on their side of the road. But as we also know, sometimes these things don't happen. So we actually can't fully trust in them. But we do know someone we can FULLY TRUST in and that's God! The Bible tells us He never changes, He is the same yesterday, today and tomorrow. He is the same God today for us, as He was in Babylon, when Shadrach, Meshach and Abednego put their trust fully in Him to save them from the fiery furnace, and He did. We simply can trust God right now, in whatever situation we find ourselves, He is and will continue to be trustworthy!!

positive partnerships

Working together to support school-aged students on the autism spectrum

Working today to support school aged students on the autism spectrum.

Join us for a day of learning with other parents and carers of school aged children on the autism spectrum, designed to help you foster productive school, family and community relationships to provide the best kind of support for your child. Our workshops are for parents, carers and grandparents wanting to understand more about autism and learn practical strategies using evidence based resources to help maximise their young person's learning.
