Well, we had our first Wednesday, whole-school assembly in the stadium. Our usual home in the assembly was being used by teachers from senior secondary

schools all across the coast. We knew the day was nearly here when the hall would be too small. When the whole school is present now, I don't have much room for my antics, but yesterday I had the whole stadium! I thought I'd try casting my surf rod inside. It worked quite well, but no fish.

I told the children about Jesus helping His disciples catch a huge load of fish. He told them that He would make them fishes of men. And so it began, the great work of spreading the Gospel, the good news about Jesus. For almost two thousand years now, disciples have been making new disciples, just as Jesus told them to. We hope and pray for new young disciples in our school.

## DO YOU HAVE ANY OLD BOOKS TO DONATE?

Over the summer period, Geneva has made a relationship with a group of 30 NiVan from Vanuatu.

They are working in

Tasmania picking strawberries to help their home village. The schools in their village recently got destroyed by cyclones and they have approached us

to see whether we have any second hand children's books available to donate.

We are hoping to give as many children's books as we can for them to take home in May .

If you have any children's books to donate, please have them to the school office by the 3rd April.
