KIDSMATTER CORNER

"Australian students among the worst behaved in the world"

So says the heading of an article quoting the Minister of Education and Training, Senator Simon Birmingham. Various reports and studies now acknowledge what some of us always knew!

Minister Birmingham said the reports had identified discipline... as being an important part in improving Australia's education system. He said, "While well-resourced schools with highly capable and motivated teachers are central to success, we equally need policies and parents that empower teachers to expect high standards and adopt a zero-tolerance approach to bad behaviour."

What about getting back to what Solomon told us three thousand years ago. "A rod and a reprimand impart wisdom, but a child left undisciplined disgraces their mother." Proverbs 29:15 How true! What about Proverbs 13:24 "Whoever spares the rod hates their children, but the one who loves their children is careful to discipline them."

Mr Lincolne says he has some paddles for loan!
