COMMENTS FROM THE GFI BOARD

As you may have noticed we are constructing a new classroom and arts center. We have sought tenders from local builders and are in the process of selecting the acceptable tenderer. We will keep you posted. Building works should commence by the end of May, so things will liven up in the car park and surrounding areas ☺

P&F AUCTION

Auction forms have gone home and some have even come back already!! Thank you to those enthusiastic families and friends ☺ We would love everyone to be able to participate or attend, so please have a look at your Time & Talent Auction letter and think of a time, talent or item that you would be willing to donate to the action and then fill out the pledge slip at the bottom and return it to school. Thank so much for your support ☺

KINDER
Student of the Week

Jesse Smith – for being obliging and quick to apologize.

GRADE 1&2

This week we've started using Mathletics, which is very exciting. In gardening, we did lots of different kinds of counting using bean seeds. We had lots of fun in sport, playing games and learning how to work in teams. We are learning about different materials, and we discovered that if everything in the world was made out of the same material, nothing would work properly! If our clothes were made out of sandpaper, they would be scratchy and uncomfortable, and if our books were made out of steel we wouldn't be able to carry them around!

Student of the Week

Gabriella Scrimgeour – for always having a positive attitude

Grade 3&4

We started the term celebrating our mums and the love we have for them. We were creative and enthusiastic as we worked together to make Mothers Day gifts and cards. We all did special jobs for our mothers to make Sunday a special day for them. Thank you Mums! We love you.

Student of the Week

Week 1 Ana Abboud – for a positive start to the term
Week 2 Ben Young – for working hard to complete goals
