Our students are learning the first chapter of Genesis off by heart. It begins with those monumental words: "In the beginning God created...". We have already considered the theme "beginning", and today we looked at Gods' name and what it means. In Exodus (3:15) God is recommending Moses to the people of Israel and He uses His proper name which in Hebrew would be pronounced "Yahweh" and is the word for "I am". There are a number of things this says about God. He never had a beginning. Nobody made God, God simply is and always was. God will never end. God is utterly independent. He depends on nothing to support him, to council Him, to make Him what He is. Everything that is not God depends totally on God. God is constant. He is the same yesterday, today and forever. He cannot be improved. He is not becoming anything. He is who He is. God is the most important and most valuable person in the universe, He is more worthy of interest, attention, admiration and enjoyment than all other realities.

The Grade 1/2s are learning about how to take care of our teeth, and how important it is. We did an experiment with yeast, sugar and water to see what happens when sugar mixes with plaque on our teeth. We saw what could happen to our teeth if we eat too many sweet things and don't protect our teeth properly! It was very interesting!

STUDENT PROFILE

The Sea FM Tasmania player of the week is non other than our very own Maddy Payne! Maddy has been an outstanding player for the Devonport Strikers Youth girls team, especially considering she is one of the youngest players in the league at just 13 years of age! She has scored 17 goals this season which alone is an incredible achievement! Great work Maddy, and keep up the great work!

Come to Our BOOK FAIR! Reading Is Out of This World! Wednesday, August 29th, 2018

Book Fair Day is on August 29th and the theme for this year is "Space". This gives you 3 weeks to think of the best costumes related to space to be in the draw for prizes! These are not limited to costumes from only books, they can be anything related to "Space".

Today, the Kinder class went on an excursion to Woolworths to participate in the Discovery Tour! They learnt all about the different types of fruit and veggies and that they need to eat all the colours of the rainbow! The Kinder's learnt that fruit and veggies are good for you and fun to eat! Once they heard all these amazing facts, they then got to tour the Deli, fridges, butcher and bakery sections! How fun!
