

THE GEN

In all your ways acknowledge Him,
And He shall direct your paths.
Proverbs 3:6

So do not throw away this confident trust in the Lord. Remember the great reward it brings you!
Hebrews 10:35 (NLT)

CONTACTING THE SCHOOL IF CHILD IS SICK OR ABSENT

If you are contacting the school to inform us of your child being sick or absent, you can either phone the school landline and speak to the front office (6426 1053) or send a text to Rosemary Lincolne's mobile (0418 870 767).

RAIN FOR OUR FARMERS

I was thinking about the farmers in inland Australia who desperately need rain and I came across Job (Chapter 5:9-10) the farmer. He recognised that God performs wonders without number in providing rain for the earth and sending water on the countryside. For our farmers, water will have to be carried hundreds of miles from the Pacific Ocean. How much does it weigh? One inch on one square mile: 65,650,855kg! That's heavy! How does it stay up there? The water stops being water for a while so it can go up and not down. Then how does it get down? The water starts becoming water again by gathering around little dust particles. So the sky picks up millions of litres of water from the sea, takes out the salt, carries the water hundreds of Km's then it just doesn't dump it; the sky, it dribbles it down in little drops not too big and not too small. The specks of water join up till they are big enough to fall. We should be a lot more thankful than we are and pray to the God of miracles for rain for our farmers.
David Lincolne.

True Strength Program

This week, the Grade 9 Boys started a new program at a local gym in Latrobe. These boys have been chosen to take part in a program designed for young people to engage in fitness activities that link to setting goals for a healthy lifestyle.

It also aims to create a platform for discussion around key issues that young people are dealing with today. This was our first session at the gym and we were greeted by a strength and conditioning trainer, who took the boys through an

induction of all the equipment. By the end, the boys got a chance to use some of the machines to train legs, chest and back. We will be back at the gym for the rest of the term to track their progress.

Come to Our BOOK FAIR! Reading Is Out of This World!

Wednesday, August 29th, 2018

Book Fair Day is on August 29th and the theme for this year is "Space". This gives you **less than a week** to think of the best costumes related to space to be in the draw for prizes! These are not limited to costumes from only books, they can be anything related to "Space".

Outdoor Education

Last week on Friday, the Outdoor Education class got up nice and early for a hike at Cradle Mountain in the Lake St Clair National Park. We travelled approx. 12km starting from the Ronny Creek Carpark, along the Lake Lilla Walking Track, around the Dove Lake Circuit and all the way back. This track consisted of a mixture of board walks, gravel paths, rainforest tree roots and snow! Just before we reached the end of the walk we were very spoilt to see four wombats minding their own business in the wild.

We are learning the **Pp** sound. P for plane. Thanks to Ethan's Dad for the super pattern he showed us! Jess quickly learnt the art of flying hers!
