ATTN PARENTS - DO YOU HAVE A CHILD HEADING INTO YEAR 11/12 IN 2016?

Do you want to help your child prepare for making learning and career choices? It is important for your child to understand that they need to work backwards when planning their school subjects. It is helpful to us as educators if your child has an idea of the direction that they wish to go.

Please make the time to have discussions with your child and encourage them to have a look at the career choices that are available to them. We have copies of the "Job Guide" at school which they are aware of and there is a great internet site called, growcareers.com.au This site has information for parents and also for the child. It has some helpful tips for improving their employment opportunities and how to choose school subjects that are applicable to the career they intend to pursue. This is an important time for your child and it is advisable that you discuss this as a family. If you have any further queries please do contact either Mr. David Lincolne, or Mrs. Suzy Colledge if you have any further queries.

Does your child have an iPad or iPhone?? Do you want to track and more easily control how much time they spend on these devices? Download the app 'Moment,' and you can see how long they have spent on the device. This is a free app, but if you upgrade, you can also set a time limit for the device, and once that time limit has been reached it will shut your child out of the device! A great tool to help manage 'screen time,' and to encourage our children to 'Turn off. With to Play!!'

A great day was had by all. Very exciting news for Jordan Payne and Alex Armstrong who have been selected to represent Tasmania at the National Futsal competitions later this Year. Also, Aidan Mosley has exciting news. He was in the paper during the week. Aidan was pictured eating spaghetti bolognese that he made with the assistance of a real chef. The news paper article revealed that because of the support provided by the Make a Wish Foundation Aidan will be flying over the Great Barrier Reef in a helicopter later this year. How exciting! Grade 5/6 are a wonderful group of students all with very interesting lives.
