KIDSMATTER CORNER

Truth & Grace, we need a measure of both, and we need to practice both on a daily basis. When talking with our friends, when accepting that we are wrong and when we are standing up for what is right.

As grown-ups, we need to be good examples of these characteristics to our children. So in other words, act in such a way that we would like them to mirror. When you hop into bed at night, have a think about the day and where we could have said and done things better.

- Think before speaking
- Really listen
- Know when to be sorry

HIS EYES ARE ON US!

No matter where the athletes of the 2016 Olympics go in the city of Rio de Janeiro, they can see a statue. Standing high above this Brazilian city and anchored to a 2,310-foot-high mountain called Corcovado is a 100-foot-tall sculpture called "Cristo Redentor", Christ the Redeemer. With arms spread wide, this massive figure is visible day and night from almost anywhere in the sprawling city. As comforting as this iconic concrete and soapstone sculpture may be to all who can look up and see it, there is much greater comfort from

this reality: The real Jesus sees us. In Psalm 34, David explained it like this: "The eyes of the Lord are on the

righteous, and his ears are attentive to their cry". He noted that when we call out for His help, "The Lord hears us; he delivers us from all our troubles. The Lord is close to the brokenhearted and saves those who are crushed in spirit".

Pie Drive Orders will be delivered to school **TOMORROW**, Friday, August 26th and will be available for pick up after 12.30pm
