KINDER REPORT

We have new Kinder tables to do our school work at now! We love not being so squished and have so much more room to spread our work out. We have some tadpoles in the classroom and we are enjoying watching them swim around in the container. It will be fun to watch them turn into frogs.

Kinder Medal Winners

Luke - for being very helpful and thoughtful
Ellie - for listening in assembly
Nicholas - for settling in well to his new school

PREP REPORT

In our literacy lessons this week we have been learning about the long "I" sound words. We talked about kites and hives. It was fun to fly the kite outside and watch it duck and dive in the sky. We drew some great bee hive pictures and enjoyed learning about God's plan for bees and the way He helps them to make honey.

Prep Medal Winner

Ryan - for listening in assembly

GRADE 1&2

Lots of things have been happening over the past week. Last week, we made a weather station, and we have been checking it every day and recording the temperature, wind direction and speed, and rain fall on the iPad. We have started learning about volcanoes. We watched a video about a man who went very close to a lava pool. He could only stand there for two minutes, even with a special suit on, because it was so hot! We also wrote a poem last week about rainy days. It was fun.

Rainy Day – by our whole class ☺

Today it was a rainy day,
We had to play inside.
We played with blocks at lunchtime
Because the sun decided to hide.

The grass and playground were very wet,
And on the way home I
Jumped in all the puddles I found,
When mum saw me she started to cry!

Student of the Week

Sarah Le Adams - for settling back into her class well

GRADE 5&6

The whole class has settled back into school now after our third term break. Matthew Thomas, an ACE home school student from Western Australia, has joined our class this term. We have also started an ICT project and are busy collecting some of the digital data that we need to complete our individual projects.
